1 CSR Commitment

As a private closely held company, we are acutely aware of the importance of social responsibility. 'Being Humble' is one of our 7 core values and also informs our behavior towards society. We aim to nurture and strengthen the trust placed in us by maintaining an open and transparent dialogue.

India has committed to achieving UN Sustainable Development Goals, including goals related to environmental sustainability. We support the ten principles of the UN Global Compact and are committed to protecting universally recognized human rights, labor standards, and environmental principles and to engaging in the fight against corruption.

In alignment with our corporate social responsibility commitments in India, we dedicate ourselves to environmental stewardship through proactive initiatives and partnerships along with contributing in empowering the Indian youth through various educational and vocational skill development programs and thereby enabling them to get employment and better living. India faces significant environmental challenges such as pollution, deforestation, and loss of biodiversity. Integrating environmental CSR initiatives can contribute to mitigating these insures.

Our CSR policy emphasizes sustainable practices, conservation efforts, and community engagement to address environmental challenges. We strive to implement projects that promote biodiversity conservation, waste reduction, and renewable energy adoption, benefiting local ecosystems and communities. Through transparency, innovation, and collaboration, we aim to contribute positively to India's environmental sustainability while fostering social and economic development.

2 CSR Policy Objectives

As a company, we are very much aware of our responsibility to the social environment in which we operate. Our services help to advance technical progress. Accepting responsibility for our environment and the society in which we operate is therefore part of our identity as a company. The main objective of the CSR policy is to lay down guidelines for SoftwareONE India, within the ambit of Companies Act 2013, read with relevant rules, to make CSR as one of the key focus area.

3 The Indian Context on CSR

At SoftwareONE it is important that we all understand what is expected from us in our day-to-day activities. Policies can help us to achieve this. As per our CSR Commitment statement, which highlights our concerns particularly for safeguarding environment for present and future generations, we are committed to integrating environmental sustainability into every aspect of our Corporate

Social Responsibility. SoftwareONE is committed to minimize ecological footprint and conserve natural resources.

4 Our Vision

Empowering communities and safeguarding ecosystems.

To champion environmental stewardship through strategic initiatives focused on conservation, sustainability, and community engagement.

To help under-served children/ young people in realizing their potential by providing basic education & skills for livelihood earnings and ensuring a respectable life for senior citizens from socially and economically weaker section.

5 Our Mission

Drive positive environmental impact through proactive CSR initiatives.

Catalyst for positive environmental change by implementing sustainable practices and fostering culture of responsibility.

By prioritizing sustainability, innovation, and collaboration, we strive to protect ecosystem, mitigate climate change and inspire communities to embrace responsible environmental practices.

6 The Way Forward

- Seamlessly integrate environmental considerations into daily operations, ensuring sustainable practices become inherent in business.
- Provide training and educational programs to build environmental awareness and equip employees with skills to foster sustainable environment.
- Get involved with more local organizations to contribute to conservational efforts.
- Provide free quality education to under-served/marginalized children by adopting schools in remote locations.
